

- The auction is held annually during the winter by a conservation organization that is preselected by the F&W Commission.
- Hunting is authorized for the next hunting season, not the current year's hunting season.
- Money raised through the bighorn sheep license auction is used for management of bighorn sheep.

Bighorn Sheep Mandatory Reporting and Checking Requirements

- A hunter harvesting a bighorn ram must personally present the complete head and cape intact within 48-hours to any Fish, Wildlife & Parks office, game warden, or designated employee in the administrative region where the bighorn ram was taken. See page 49 for FWP office phone numbers.
- A hunter harvesting a bighorn sheep with a license valid for a "legal ram" must not alter the head and horns so as to affect determination of legality.
- Bighorn ram horns greater than one-half curl must be plugged or pinned at any Fish, Wildlife & Parks office within 10 days after harvest. A listing of designated personnel and phone numbers will be provided to all bighorn sheep license holders.

Bighorn Sheep HD Regulations

Residents are eligible to apply for any of the following licenses. Nonresidents are restricted to certain districts. Nonresidents are limited to, but not guaranteed 10 percent of a region's quota. **Districts where nonresidents may apply are listed on the moose, bighorn sheep and mountain goat nonresident application, but may change when final quotas are set in July.**
